WARD CONSULTING LLC HAS DISCIPLINES, METHODOLOGIES AND EXPERIENCE

A leader in the delivery of effective solutions to corporate, government agencies, we have

proven capabilities and established business partnerships that bring in-depth knowledge and experience to our clients. From state-of-the-art electronic and mechanical error proofing and mechanical error proofing to Third Party Logistics (3PL), warehousing, ground transportation, LTL, airfreight, ocean freight, and freight optimization. Quality and competitive cost are what create the differentiating value in our four different industry verticals.

In our Business Continuity and New Supervisor Training we employ leading edge concepts to solve today's most complex corporate and governmental challenges using such tools as Franklin Covey Time Management System.

SUPPLY CHAIN MANAGEMENT SERVICES

30 years experience in Worldwide Pharmaceutical Manufacturing, Sterile, and Clinical Packaging, distribution and warehousing at the Upjohn Company, which merged with Pharmacia and now is Pfizer, Inc. in Kalamazoo, MI.

We can provide logistic services such as Inventory procurement for Johnson Controls and act as Tier 1 for the parts from the Suppliers. We are in the following four Industry verticals:
